11-19-2026

Dear Holy Rosary School Families,

At approximately 1:30 p.m. this afternoon, our school was notified by the Genesee Township Police that there was an incident in the surrounding community which required Holy Rosary to enter into a Lockdown. We do not have any details of the event but did follow the directive of law enforcement.

During this time, all students and staff followed school lockdown protocol, removing access to the building and sheltering in place within the classrooms/ school building. At approximately 1:50 p.m. the school was contacted again by Genesee Township notifying us that the lockdown had ended and normal school activities could resume.

This lockdown was again due to an external situation and did not involve at any point in time the school community of Holy Rosary. I want to thank the staff and students for their prompt and immediate response to the situation. Students were safe at all times during this period.

Thank you families for your trust in Holy Rosary keeping your children safe.

God Bless,

Mr. Mark Callahan
Principal Holy Rosary Catholic School
